

Instructional Technology in the Classroom

Do you have a laptop, visualizer and projector?

After this class you'll know how to use classroom technology to:

- 1. tap into thousands of activstudio teacher-created resources**
- 2. increase students interactions with instructional content**
- 3. use the visualizer and activstudio in unison to interact with student-work**
- 4. use a website to communicate, share and organize**

This is a professional development .5 credit class.

We'll be meeting Thursdays; **March 20th, April 24th, & May 8th**
at Fletcher Elementary (Computer Lab)
from 3:00 - 5:30

Taught by Benjamin Gondrez

RSVP by March 14th through email to Chris EarthTree.
cjearthtree@aps.k12.co.us Seating is limited.
